

I begin by acknowledging that Thompson Rivers University is located on the traditional and unceded lands of the Tk'emlúps te Secwépemc within Secwépemc'ulucw.

It is with a sense of profound responsibility that I put myself forward for the Student Senator position. As an international student from Nigeria in the Post-Baccalaureate Diploma in International Business program, I bring a distinct global outlook and a practical background in people management, honed through coordinating teams on community development projects. This experience has equipped me with the ability to listen actively, build consensus among diverse groups, and navigate complex logistical challenges—skills directly transferable to representing a multifaceted student body.

My history in advocacy and humanitarian service is rooted in a commitment to selfless service, integrity, and amplifying underrepresented voices. I am not just a student leader; I am a dedicated bridge-builder who understands that true representation means ensuring every student's concern—from academic policy and campus life to support for international learners—is not only heard but championed with unwavering dedication at the Senate level. I pledge to be a transparent, passionate, and effective advocate for you
